PROFESSIONAL EXPERIENCES

Web Development 2 Years +

HTML, CSS, JavaScript, ReactJs, NodeJs, React Redux, Web Ui/Ux Designing, Adobe XD, Figma

- 2 years of experience in web development, specializing in React JS.
- Created multiple websites using React JS, demonstrating proficiency in building dynamic and engaging web applications.
- Developed "Accord Design Collaborative Tool" as the Final Year Project (FYP), a collaborative platform for designers.
- Built a portfolio website using React JS to showcase skills, projects, and achievements.
- Expertise in React JS, HTML, CSS, and JavaScript.
- Attention to detail for seamless user experience, responsiveness, and performance optimization.
- Skillful integration of APIs, utilization of third-party libraries, and effective use of development tools.
- Passionate about staying updated with the latest web development trends for delivering high-quality and innovative websites.

Android Development 2 Years +

Java, Mobile Ui/Ux Designing, Adobe XD, Figma

- More than 2 years of experience in Android development, including a 4-month internship at AndroTech Solution.
- Successfully completed various small projects for clients, showcasing expertise in Android app development.
- During the internship, gained practical experience and honed skills in Android development methodologies and best practices.
- Proficient in utilizing Java and Android SDK to build feature-rich and user-friendly mobile applications.
- Developed a solid understanding of mobile UI/UX design principles and implemented them effectively in projects.
- Collaborated with subject matter experts to ensure accurate and reliable content in the Islamic e-learning app.
- Demonstrated ability to troubleshoot and debug issues, ensuring the delivery of high-quality and robust applications.
- Passionate about staying updated with the latest trends and technologies in the Android development ecosystem to deliver innovative and cutting-edge solutions.

3D Modeling, Environment Designing, and Animation 2 Years +

Blender 3D, Google Sketchup Pro, Unreal Engine 4, Unity Engine

- Possess extensive experience in 3D modeling, environment designing, and animation.
- Proficient in utilizing software such as Google SketchUp Pro and Blender 3D.
- Successfully completed various freelance projects, showcasing expertise in 3D modeling and animation.
- Skilled in creating detailed 3D models, ensuring accuracy and realism.
- Proficient in designing immersive environments, incorporating elements to enhance visual appeal and user experience.
- Experienced in animating 3D models, bringing them to life with fluid movements and engaging animations.
- Ability to work on diverse projects, including architectural visualizations, product designs, and character animations.
- Passionate about pushing creative boundaries and utilizing 3D design and animation to create captivating visual experiences.

Windows Application Development 1 Years +

C#, .NET, Windows Form, Windows Application Ui/Ux Designing, Adobe XD, Figma

- Over 1 year of experience in Windows application development, encompassing front-end, back-end, and UI/UX design.
- Proficient in utilizing Material UI and other plugins for visually appealing and user-friendly interfaces.
- Developed an income-expense collector app, combining front-end with back-end technologies(C#, .NET).
- Designed optimized UI/UX elements for enhanced user experience and seamless usability.
- Committed to delivering high-quality projects within timelines, focusing on user satisfaction and emerging technologies.

Creative Designing, Graphic Designing 3 Years +

Photoshop, Illustrator, Adobe XD, Figma

- Accomplished graphic designer with hands-on experience in creating impactful visual designs.
- Proficient in industry-standard design tools such as Photoshop, Illustrator, and InDesign.
- Successfully completed various design projects, including branding, marketing collateral, and digital graphics.
- Collaborated with clients to understand their design needs and deliver creative solutions that exceed expectations.
- Engaged with Ganache Cafe for product designing, showcasing skills in creating attractive product designs.
- Actively involved in the Microsoft Learn Students Ambassadors (MLSA) community at Air University.
- Contributed to the MLSA-AU Graphics Team, receiving recognition for designs from MLSA Officials.
- Appointed as a lead graphic designer in the Air Media Club, covering various significant events.
- Contributed to the Air University Startup Club by creating graphics for startup programs and events.
- Engaged in 3D designing and video animation freelance projects, showcasing expertise in this domain.
- Demonstrated commitment to continuous learning and staying updated with the latest design trends and techniques.
- Passionate about design and actively involved in university societies and communities to enhance skills and contribute to the design field.

Video Editing and Production 1 Years +

Adobe Premiere Pro, DaVinci Resolve, Microsoft Clipchamp, Blender 3D

- Proficient in video editing and production using Adobe Premiere Pro, DaVinci Resolve, and Microsoft Clipchamp.
- Skilled in creating engaging and visually appealing content with seamless transitions, audio synchronization, and visual enhancements.
- Recently launched YouTube channel "Curiosity Updated" focusing on informative and captivating content.
- Collaborate closely with clients to deliver video content aligned with their brand and goals.
- Implement creative storytelling techniques and captivating visuals to captivate and retain viewers' attention.
- Passionate about creating educational, entertaining, and inspiring video content.

Product Designing and Product Retouching 1.5 Years +

Adobe Photoshop, Illustrator

- Skilled in product designing and product retouching, utilizing software such as Photoshop, Illustrator.
- Successfully completed freelance projects, showcasing expertise in delivering tailored product design solutions.
- Collaborated with Ganache Cafe for product designing, creating attractive designs for their product line.
- Proficient in product retouching, enhancing product images through color correction and meticulous image manipulation.
- Stay updated with the latest design trends to deliver compelling and visually stunning product designs.
- Passionate about creating captivating designs that elevate brand identity and drive customer engagement.

EDUCATION

BS Computer Science September 2019 - June 2023

Air University, Islamabad CGPA 3

Thesis:

Developed a comprehensive thesis project (Final Year Project - FYP) titled "Accord - Design Collaborative Tool. Accord is an innovative design collaborative tool that facilitates seamless collaboration among designers, enabling them to work together on projects in real-time.

FSc. Pre Engineering 2017 - 2019

Punjab College of Science, Gujranwala B+ Grade

Matriculation in Science (Biology) 2017 - 2019

Mashriq Science College, Gujranwala A+ Grade

Internship

Android Application Designing & Development May 2022 - August 2022

AndroTech Solution

During my 4-month internship at AndroTech Solution, I gained practical experience in Android app development, collaborating with a team on various projects. Through this opportunity, I enhanced my skills in Java programming, Android Studio, and the full app development lifecycle.

Ui/Ux Designing Training 2 Month

FixelCloud

I completed an online UI/UX training program at FixelCloud, honing my skills in creating intuitive user interfaces and engaging user experiences. This training equipped me with the knowledge and techniques to design visually appealing and user-friendly digital products.
